Santa's Visit Opens Christmas Season

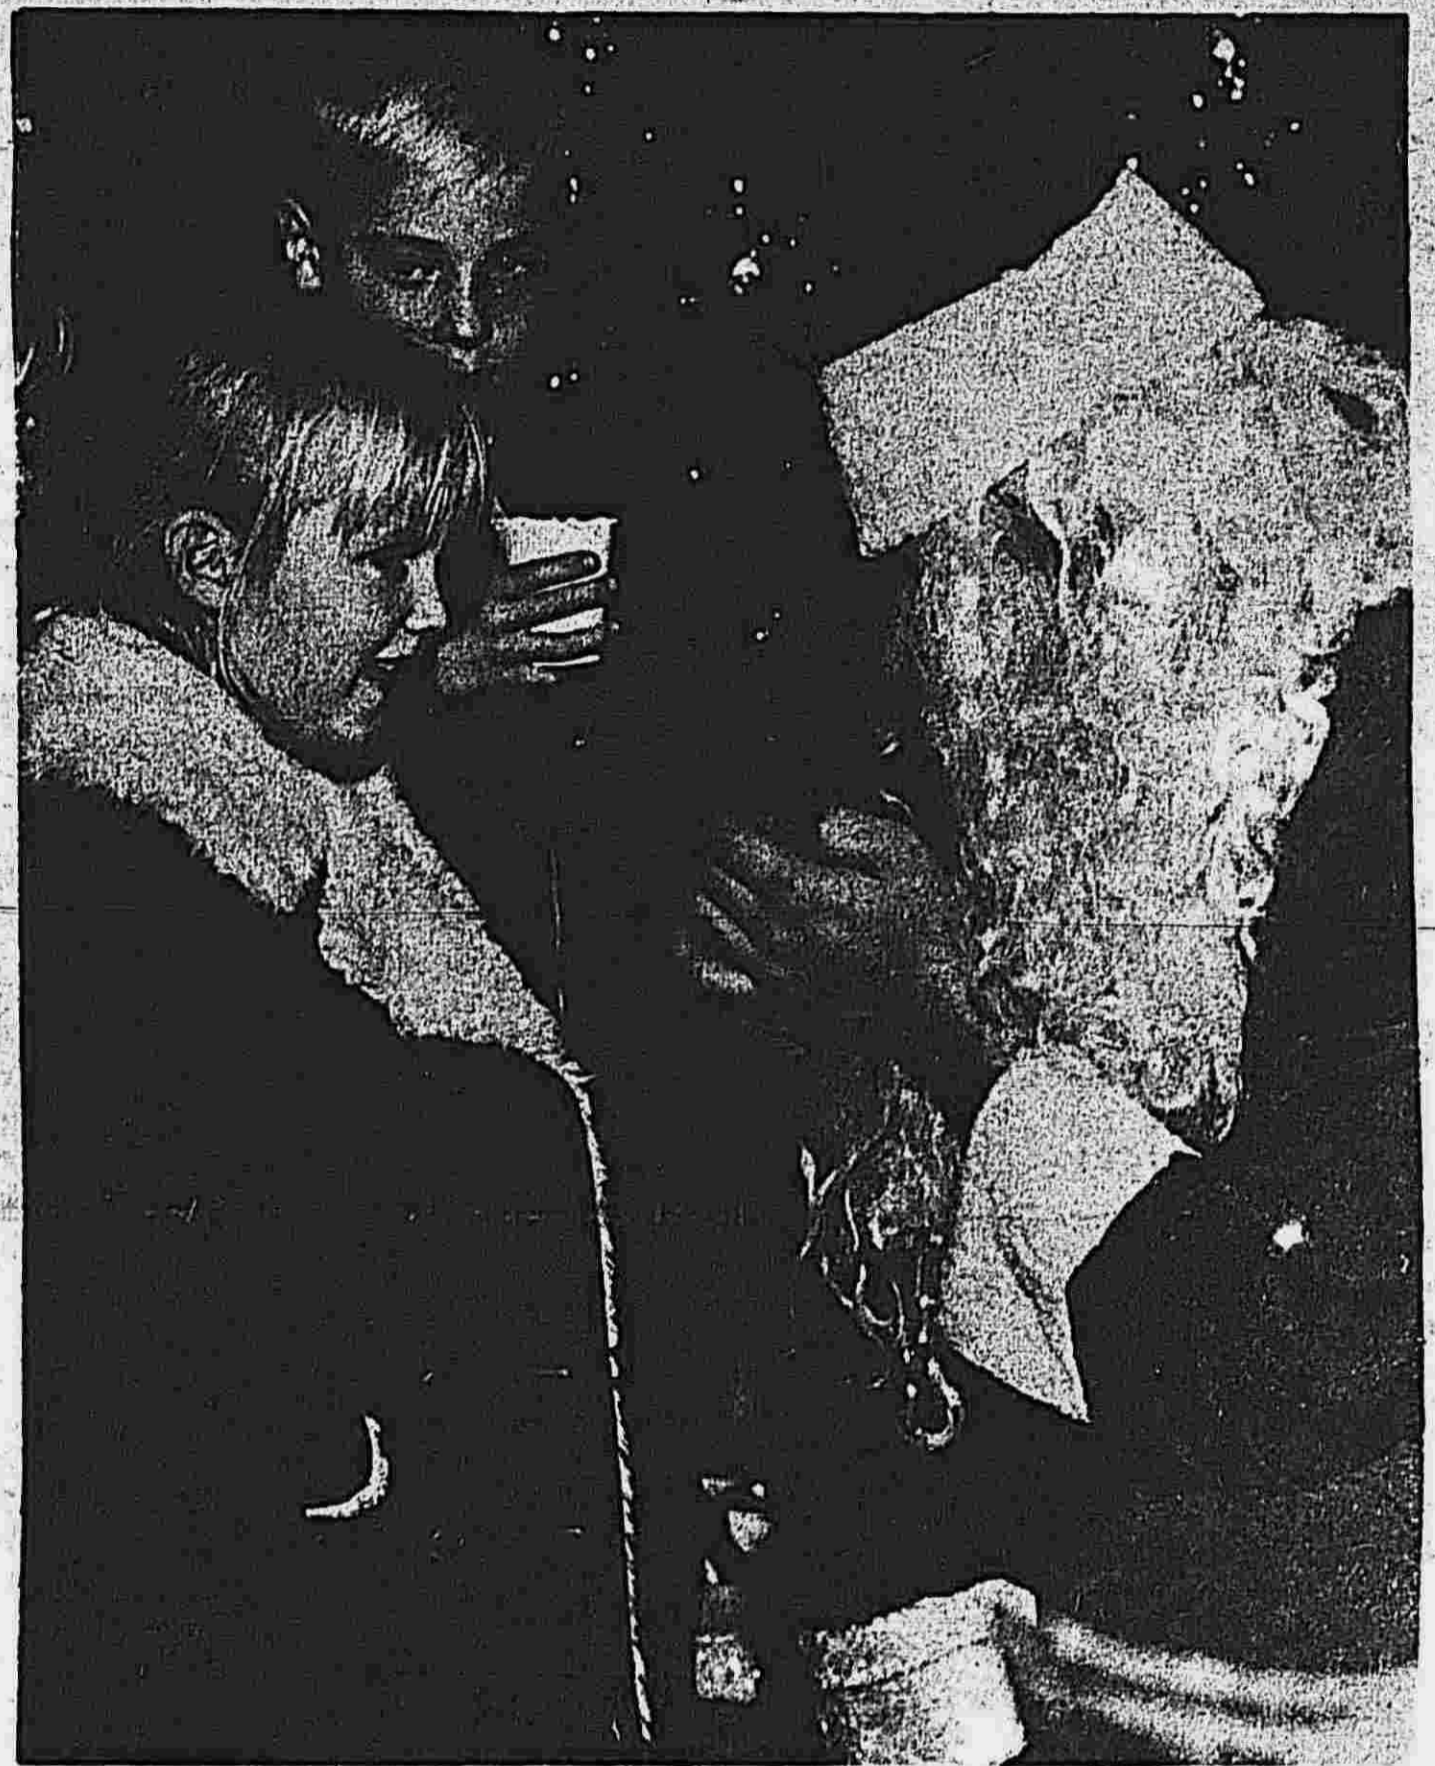

The Christmas Season was officially ushered in on Saturday, November 28th by an appearance of the jolly man in sparkling red velvet. Santa or Saint Nick, as you prefer, came to Antioch and sat in court for many of the local youngsters.

Between 350 and 400 children were held spellbound as they had a chance to sit on the lap of the grand old man and whisper their secret holiday wishes and desires. The children were treated, in true holiday fashion, to hot chocolate and candy canes.

Many of the little ones attended the event after viewing one of the two Saturday performances of "King Arthur's Sword" presented at the P.M. & L. Theatre. Tickets for the enchanting children's tale were provided free to the children, courtesy of The Antioch Chamber of Commerce. The Chamber again made the event possible. Chairman of the festivities, Dick Ford, stated that the event was a big success.

The Rescue Squad Building was the site for the town's symbolic opening of the Christmas Season. It was decorated with a Christmas tree and other holiday standbys.

The children seemed to enjoy themselves immensely.

Watershed Dist. for Fox River Proposed

A petition has been received at the Antioch Village Offices which proposes the creation of a Fox River Watershed Conservancy District.

The petition requires the signatures of one percent of the legal voters in the Village and requests a circuit court hearing to establish the boundaries of the district and set a date for a referendum election.

A River Conservancy District is an organizational structure provided for by Illinois law, by which people living in a common watershed can determine their own needs, own activities and enact their own ordinances to protect the watershed from abusive uses, pollution and floods.

These watershed boundaries are determined by qualified scientists of the U.S. Soil Conservation Service cooperating with the Soil and Water

Conservation Districts.

The District is governed by a Board of Trustees appointed by the mayors of the municipalities in the watershed and members of the Illinois General Assembly whose districts are in the area of the Conservancy District. In the 1971 congressional session amendments were made in the law to provide for equal county and municipal representation.

Some of the responsibilities of the Conservancy District would be to supervise and regulate water flow, construct and maintain fishways, and provide for forests, parks and wildlife areas, if not provided by other state and federal agencies. In addition, the District would acquire and replant land.

Police powers would be provided in order to protect public health and prevent pollution.

In order to provide these services the

district may levy a tax not to exceed .083% of the property, value as equalized or assessed. However, the maximum tax is \$8.50 per \$10,000 of assessed valuation.

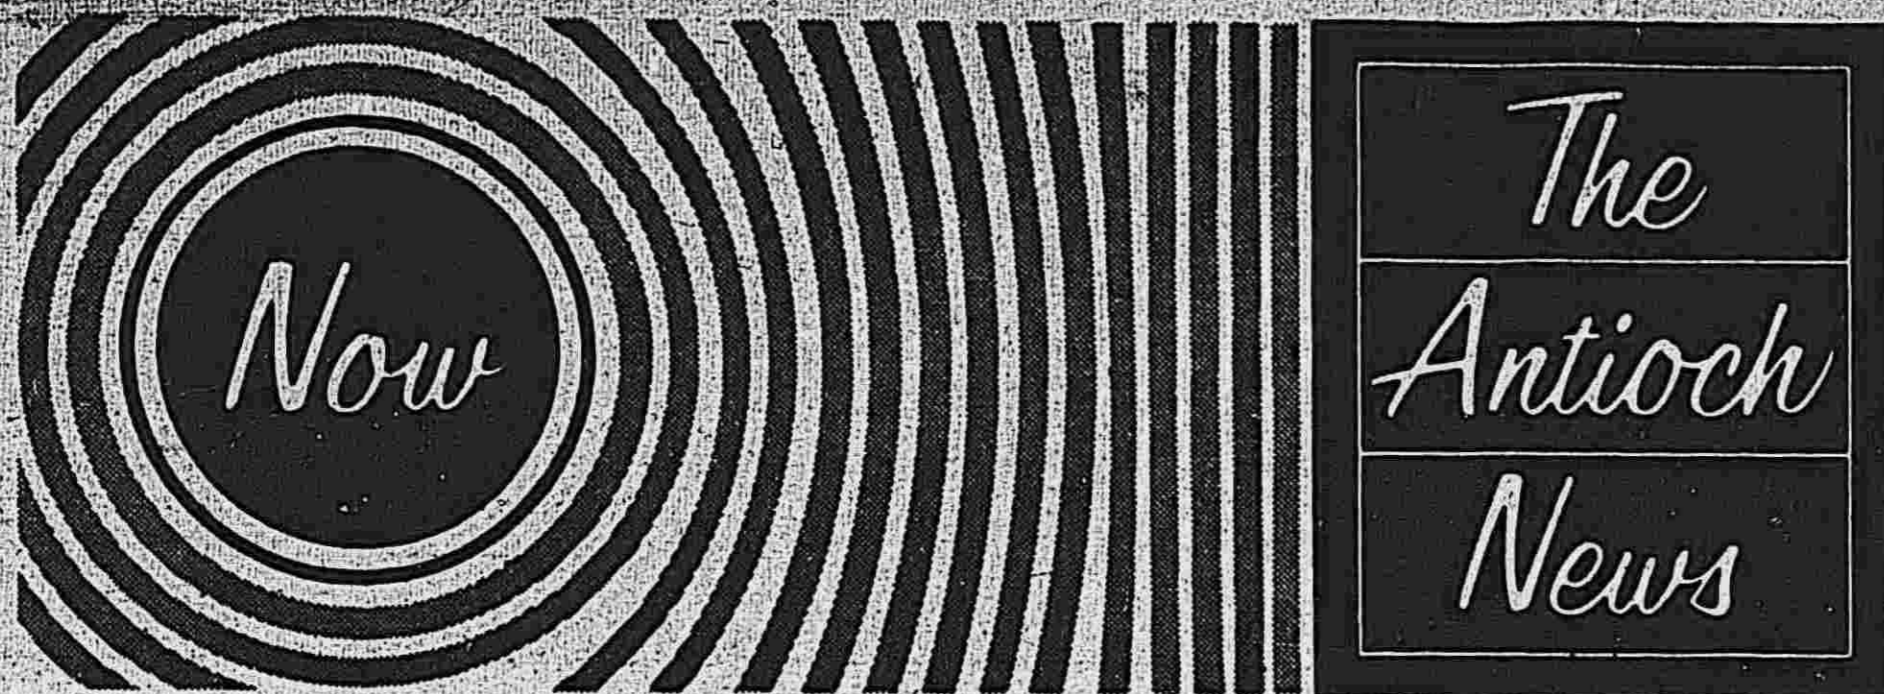

The district would neither restrict development of municipalities or other districts within its boundaries, nor create zoning ordinances.

To the north, Wisconsin has already set up a Watershed Conservancy District for the Fox River. All the municipalities and counties have approved the measure and implementation of the project is progressing.

Mr. Arthur Doll, Director of the Bureau of Planning for the Wisconsin Department of Natural Resources, stated that he is a strong advocate of the project. "I feel that Watershed Districts will be an immense help in preserving our natural resources."

Board Seeks 72-73

Regional Tourney Game

A special meeting of the
High School Board on
November 23rd, was the scene
for a great deal of activity.

The Board met to resolve
several questions that it felt
were too important to wait for
the next regularly scheduled
Board meeting on December
15th.

In the first order of business
the Board approved the salary
increases for cafeteria
personnel, a story which
appeared in the ANTIOCH
NEWS November 24th.

Board Superintendent Al
Dittman reported that he had
approached Mr. Fitzhugh,
Executive Secretary of the
Illinois High School
Association, about the
possibility of having a Regional
Tournament game for next
year, 1972-73.

There have been hopes at
the high school that because of
the new gym facilities, Antioch
might snatch one of the games
this year. However, because of
the many problems involved in
setting up a State Basketball
Tourney, this year was too
early. Sites have already been
set for this year and Antioch is
not one of them.

After talking with Fitzhugh,
Mr. Dittman and Athletic
Director Ward Lear felt that
the prospect of having a
regional game next year was
very good, while not definite.

The Board heard a petition
from Miss Dora Beatty,
Business Education instructor
at the high school, that she be
elevated to the Masters + 30
classification.

Miss Beatty had presented

her case at a previous meeting,
but the decision was postponed
for further study.

The issue revolves around
the question of whether Miss
Beatty had met the
requirements of Board policy.

Mr. Dittman felt that she
does not qualify because the
work she completed at
Northern Illinois University
was not awarded or would
count towards a degree.

In Miss Beatty's case, she
received a Certificate not from
the University but issued by a
public organization, the State.

No final decision was made
on the matter. Miss Beatty was
asked to return at a future date
for more discussion.

Plain Talk

The people of Antioch will soon be faced with a decision of some magnitude. On December 11th they will be asked to vote on a referendum to create the Countryside Hospital, by issuing an affirmative vote on the creation of a hospital taxing district.

This issue has been up in the air for more than ten years and has thus far been the source of indeterminable wasted energy, debate and hope.

The time has come for plain talk.

YOU, the citizens of Antioch have been the subject of an infinite amount of information, concerning the proposed hospital.

YOU, have been shown through public relations campaigns, editorials, news stories and advertisements, the relative merits of this project.

YOU, know of the services that it will offer, the jobs it will provide and the influence it will have on the local economy, along with its supplementary businesses.

YOU, now know all the facts and have been given a generous amount of time to reach a decision.

WE, of THE ANTIOCH NEWS have made no secret of our feelings toward the hospital. We have given the project our unqualified support.

NOW, it is up to you the voters to make your decision known. After all the time and effort, you owe it to yourself and those who have worked so selflessly for you, to vote.

Dear Sirs:
In regards to your letters to the editor on November 24. I object to Mrs. Connors criticism of our program at the Upper Grade School on November 16, 1971 at 7:30 p.m.

The songs that are supposed to be "hardly appropriate" for eighth graders are the Caisson Song, Marines Hymn, When Johnny Comes Marching Home, What the World Needs Now, Love is Blue, Cruel War and Song of Joy.

I'd like to know what's wrong with them when people have sung some of them for generations.

Everyone in the play knew at least one week before the play was put on, when it was, and the day before the show written notices were given.

The subjects we are supposed to be taught (according to Mrs. Connors) are English, Math, Science and History and then she says we're not supposed to learn about war, but, I've learned about many ways in my History

Book. As long as I can remember our country has been involved in a war, and war isn't going to go away by ignoring it. There was nothing in the play about people liking war. Maybe she doesn't hear too well but, one of the songs we sang went like this, "Sing, Sing a Song of Joy for peace shall come my brother. Sing, Sing a Song of Joy for men shall love each other."

The show was entirely our own work. We thought of the Songs to sing, the quotes to say and the songs on tapes.

We are not in Kindergarten and we are old enough by the time we are in eighth grade to do some things on our own. It was not dictated to us by a supposedly campus rioter. All teachers under 30 are not former rioters. Rioters are a small minority.

These are my thoughts, not dictated to me by my "mommy."

Sincerely,
Elizabeth Boyd
8th Grade
Upper Grade School

In rebuttal to a letter printed in this paper last week by Ann Connors and as two of the more than 40 parents in the audience, we would like to compliment the 8th grade students for a very fine production on Tuesday, November 16 in the Audio Visual Room at the Antioch Upper Grade Center.

Our daughter told us that parents of the participating students were invited one week before the show. She also said that small children were not invited as they may distract the performers and I would have to arrange for a sitter for our three year old. The following day we received a ditto notice from the school inviting us to an hour of enjoyment, to be performed by the 8th grade Arts and Crafts classes. This is exactly what it was. A performance of songs and readings plus drawings created by these students, demonstrating their feelings on love and war starting with the Civil War up until today, and in our opinion they did it very well with the guidance of Mr. Louis Kontos, Mrs. Judy Robinson and Miss Dianne Kretsch.

The only thing we were sorry about was it only lasted half an hour instead of the hour stated in the notice sent home.

Thank You
Joe and Louise Gutowski.

negotiating pay increases, in that they must ask the general public for the money directly, and the public must pay the additional money directly. Pay increases won by other working men eat into our budgets more subtly, by causing price increases that we all must pay. But because these increased costs are not as obviously related to the workers' pay increase, we tend to accept them as inevitable, and we do not begrudge the raises won by unions. Raises for teachers, on the other hand, go directly out of the pocket of the taxpayer into the pocket of the teacher, and do not have the "hidden" or "painless" qualities of other pay increases. For this reason, taxpayers see them as unreasonable and refuse to think further. Is this fair?

How can the board members, many of whom are businessmen in the community, raise their price and expect the teachers to pay them without a salary increase?

FOLLOWS NEGOTIATIONS

For some time now, I have followed closely the progress of negotiations between the School Board and the teachers of Antioch High School, and I have been appalled and disgusted by what I have learned. I am writing this as an appeal to the Board and the townspeople to reconsider a position which I feel reflects shocking disregard for the school and ingratitude toward the teachers. It saddens me to see my former teachers, among the finest in the state, being dealt with so shabbily.

I graduated from Antioch in 1964 and enrolled at the University of Illinois. Almost immediately it became clear to me what a fine education I had received at A.C.H.S., because I was much better prepared for college than most others at the University. The same thing is true of the majority of students graduating from Antioch High. In short, the Antioch community is blessed with an exceptionally good educational system, a system, I might add, which took years to build and which has continued to improve.

The credit for this fine system is, of course, divided among several groups, but by far the bulk of it must go to the highly qualified and dedicated teachers in the school. Those of us who attended Antioch High will never forget the profound influence these people had on our lives, and how much their efforts helped us to acquire a good education. We will forever be grateful to them.

Imagine the dismay that I feel when I learn that the

school board and the community in general are totally unwilling to support their outstanding school system financially. The Board, during negotiations, has said that there are too many experienced teachers on the staff with "high" salaries, and that this is costing too much money. It has also stated that it will do anything to the educational system it feels is necessary to stay within its current budget. These statements reflect the mood of the community, which has never voted in an educational tax rate increase and as a result has one of the lowest tax rates in the state.

Now, is this the appreciation that the people have for their school system and its teachers? Is this the treatment deserved by those who have given the children of the community such a good education? Apparently the people of Antioch want to have their cake and eat it too. They want to maintain their rock-bottom tax rate and still have one of the best high schools in the state for their children. They expect outstanding teachers to work for sub-standard wages and to settle for zero pay increase. Is this realistic?

The cost of living goes up for teachers, too, and teachers have families to support, just like everyone else. And, difficult as it may be to accept, teachers have a right to live as comfortably as other people with comparable education and skill. It is not easy to feed one's family with "dedication". But teachers have an unusual handicap in

Questions Answered To Cap "Disability Week"

Mayor Ray Toft will sign, on December 6th, a proclamation naming December 6th through 10th as "Social Security Disability Week," in the city of Antioch.

Mayor Toft said, "There are more than 58 citizens in the Antioch area receiving Social Security disability benefits." He urges all local government agencies, as well as public and private organizations, to give publicity to the theme of this special week.

A representative of the Social Security Administration will be in Antioch December 10th to assist area residents with their social security problems. He will be in the Village Hall, 874 Main Street, 9:00 a.m. - noon.

Waukegan Social Security District Manager, Allen K. Joy, said "Our goal is to recap the entire disability program. By doing this we hope to reach the citizens of Antioch who are disabled, but have never filed an application for benefits."

Mr. Joy also praised the medical profession in the Antioch area for the part it has played in the disability story. He said, "I want to thank all the Doctors for their cooperation with the Social Security Administration. I am sure all disability beneficiaries also appreciate the help they have received from the medical profession."

"Whenever you have reason to believe that you or a member of your family may be eligible for disability benefits, you should telephone, write, or visit the nearest social security district office." That's the advice of Allen K. Joy, district manager of the Waukegan social security office.

There are different types of disability benefits. The first, and the most frequent, is for the disabled worker under age 65. He may have been forced to stop work because of either an illness or an accident. Another type of payment is for

an adult who became disabled during childhood. The disability must have started before he reached age 18. He would qualify for payments as the dependent of a retired, disabled, or deceased parent.

A widow is eligible for full benefits when she becomes 62, although she may take reduced benefits at age 60. However, if she is disabled, she may receive benefits, with a further reduction as early as age 50. The benefits would be based on the earnings of her deceased husband.

As you might expect, the rules for determining eligibility for the three types of disability are complex. Joy suggests that you should not seek advice from unqualified persons. The wrong answer could mean the loss of much needed benefits. Ask the person who knows the social security law and he'll help you get a decision on your eligibility.

GET YOUR QUESTIONS ANSWERED BY John K. Watkins, Social Security Field Representative on Friday, December 10th. Or telephone the Waukegan office toll free by asking the operator for Enterprise 4505 for information.

Cont. From Page 3

The Board, after directly contributing to the increased cost of living, conveniently chooses to ignore it by refusing to grant the teachers any increase at all, not even the increments due them under the existing contract, let alone a raise in the base pay. This is an action that is not only reprehensible, but may be an illegal breach of the existing contract.

Last year, the Board violated its own signed agreement with the teachers, and the teachers had no choice but to strike. After receiving no support from the community and being subjected to another round of the Board's underhanded tactics, they finally returned to work. This year, for the second

time in a row the teachers returned to work without a new contract settlement, only to be subjected to more shoddy treatment.

What I cannot understand is how the people of Antioch can sit back and allow this to happen. Apparently, after all these teachers have done for

Feeling sawdust under your feet and seeing your breath in July were once ordinary manifestations common to butcher shops across the country. However, with the advent of new techniques and methods, these nostalgic views have been lost in the march toward mechanization.

Residents of the Antioch area can relive these experiences and still receive the quality that science has secured by going to Joe Pat's Antioch Packing House.

The owner, Joe Patrovsky is carrying on a friendly personal brand of service that his father made the order of the day, nearly half a century ago.

Joe is not at all the stereotype of butchers fictionalized in celluloid. He is an aggressive "man on the go" and concerned civic leader. He was one of the original organizers of the Antioch Saving and Loan. He has also been president of the local Lions chapter and Chamber.

He attended the University of Illinois during the post war years and was married in 1952.

He and his wife Gloria have one child, Jody, 14.

It would be understandable for a man to return home and

relax following a grueling day at the office. However, Joe Patrovsky is often as busy after hours as during.

In much the same manner, he finds outdoor recreation more agreeable than activities under a roof. Joe enjoys hunting, fishing and trap shooting.

Now that the snow is due to be a regular in the weather forecast lineup, he will probably clean his gun and sharpen his eye up for deertracks.

When not hunting Joe keeps

in practice by punishing clay birds as a member of the Northern Illinois and McHenry Gun Clubs.

Joe gained some notoriety, a few years back when he went and bagged a 2½ ton elephant and a lion and tiger in his own shop.

The "big game" hunt was actually a specialty job for gourmets who wanted the animals killed and dressed. Later the meat was canned or served to connoisseurs with exotic tastes.

the community, the community is willing to do nothing for them. It turns down a tax referendum 8 to 1. It expects the prices of "necessities" like cigarettes, liquor, electric can openers, and air conditioning to go up and willingly pays, but it expects the prices on "frills" like education to stay frozen and can afford no more money for them. The rationale is simple—let the teachers go without; they already make enough. I doubt, however, that anyone in the community would be willing to apply this reasoning to himself.

Those of us who were educated at Antioch

are alarmed. We would hate to see the community lose an educational system that is the envy of many other communities in the state, and it saddens us to see the people turn their backs on the school and the teachers that have meant so much to us.

I appeal to the people of the community. Do you know what is really going on in the negotiations with the teachers? Have you taken the trouble to find out? Have you tried to understand the teachers' position, or do you simply latch onto any convenient excuse for keeping the tax rate down? Are you sure you support the actions the board

has taken in dealing with the teachers?

I pray that you will reconsider your position, for if you don't, it is your own children who will pay the price. A community gets the educational system it is willing to support, the educational system it deserves. For some time, the people of Antioch have gotten much more than their money's worth, but this cannot continue much longer. Please don't let our school go down the drain—it's not too late to save it!

SEQUOIT SMOKE STACKS

I think everyone at school was thankful for the nice vacation this week! Some of the kids took special advantage of it by taking rather distant trips. CINDY GLEICH took off from school a little early to make a tour in and around Washington D.C. and RICK STEIDL traveled down to Arizona to visit his sister.

A special assembly was held Wednesday in honor of Thanksgiving. Father Keusal was the guest speaker and gave a very good talk. The SWING CHOIR sang two songs for the occasion, CHERI DALGAARD played the guitar in accompaniment and sang a solo part. REED ANO and GLEN AMUNDSEN also took part in the assembly. Reed gave the invocation and Glen the benediction.

The week end was a very big one in the field of sports. The basketball team was involved in the Barrington tournament and won first place! Our SEQUOITS beat Barrington Wednesday night, Mundelein Friday night and Elgin Larkin in overtime Saturday night. They put on a very good show every night and deserved to win first place. Among the regular fans were a lot of Antioch alumni to help in the cheering. It was good to see

them. The wrestling story is not quite as good. The WRESTLING SEQUOITS met Zion Benton on Wednesday night and lost. The freshman, sophomore, and junior varsity won however.

Have you noticed that KAREN YOPP has not been squinting much anymore? That is because she is the proud owner of a new pair of contact lens. Now she won't have to worry about hiding when she has her glasses on and she can see!

Have a good week!

Along the Way with *Annie Mae*

Now that all the left-over turkey has been eaten, and Mom can watch something on TV besides football, thoughts are flashing through our heads of a joyous Christmas season to come.

Many of our local people went out of town for the Thanksgiving holidays, the JAMES HARVEY FAMILY traveled to Memphis, Tenn. where all the members of the Schippman family gathered at the home of Mr. and Mrs. Ed Schippman. MRS. ED SCHIPPMAN came from Pompano Beach Fla. and Natalie and her family came from Connecticut.

The RAY TOFT family went to French Lick, Indiana to attend the wedding of Margaret Sue Fox. Her parents are former Antioch residents, Mr. and Mrs. Homer Fox.

MRS. EMMA ROBLIN traveled to Lincoln, Illinois over the holiday weekend to share in the eating and conviviality with her relatives.

ROY, DOROTHY and CANDY NELSON journeyed to Peoria to have Thanksgiving with Dorothy's sister and her family. On the way they picked up RICK so he could be with them.

The DR. FRED BOBZIENS' AND DR. AL BUCARS' are home from their trip to Spain! Hear tel they had a grand time and many many funny experiences with the language.

Congratulations to our mighty fine Sequoits who took home the 1st place trophy from the Barrington Holiday tournament. And, another honor was reaped, by two of the boys, TIM MIEURE and PAT MICHALAK who were voted by all the fans as "all stars" of the tournament.

Happy birthday to MRS ED SORENSON, Dec. 1; MRS HANK APOSTAL, Dec. 4; MRS ROSE ENDRES, Dec. 2; MRS BEA FORBRICK, Dec 5;

MRS MARY FRIES, Dec 6; and DAN KASIK, Dec. 8.

A double happy birthday to FRANK EHRHARDT and his sister IRENE BLETSCH who celebrate together on Dec. 5 - tho 2 years apart. And we can't forget to wish a "happy" to BILL DOW who also made it in the "TIME MACHINE" this week.

Get well wishes to Harry Wallace of Gary's Drive, Antioch - Harry is in the Victory Memorial Hospital getting some much needed rest - Don't forget to let him know you're thinking about him.

Mr. and Mrs. Charles J. Cermak, Realtors of Antioch, just returned from a two week trip to Florida where they attended the 64th Annual Convention of National Association of Real Estate Board held at the Fountaine Bleau Hotel in Miami Beach from November 14-18.

An extremely educational convention with a large attendance of realtors from all over the nation. Gaining knowledge from these classes and seminars in order to serve their clients and their communities to the best of their welfare.

After the convention, Charlie and Mitzie visited friends and relatives in Jacksonville, Fort Lauderdale, Lake Worth and spent a day at the new Walt Disney's World.

The Cermak's stayed at Contemporary Resort Hotel, where the Mono-Rail goes into the lobby.

They thoroughly enjoyed themselves and are ready to go again.

Next year, they are looking forward to attending the National Convention of Association of Real Estate Boards to be held next November in Hawaii.

Don't forget the ROTARY WILD GAME DINNER this Friday night. Its a chance to try that "something different".

bye bye,
Annie Mae

OOOPS!!!

We made an error on our Apple Strudel recipe last week. The right ingredients should read- 2 1/2 cups sifted flour - 1 1/4 teaspoons salt - 2 tablespoons shortening - 2 eggs, slightly beaten, 1/2 cup warm water.

A friendly chat with Mrs. Kantos revealed another secret

for this recipe. Slice the apples real thin - bake in 350 degree oven til apples are tender and crust is brown.

We are still waiting for our recipe for Pecan Pie - So in the meantime here is a delicious Custard Pie from Mrs. Kantos. Christmas baking will be starting-let's share our special recipes for the Holiday Season.

Custard Pie

4 eggs, slightly beaten
1/4 teaspoon salt
2 1/2 cups scalded milk

1/2 cup sugar
1 teaspoon vanilla
Nutmeg

Chill pastry in refrigerator while preparing filling. Combine eggs, sugar, salt and vanilla. Gradually add mixture while stirring, to scalded milk. Pour about 2/3 of filling into chilled crust. Set pie on oven rack and fill with remaining custard. (This trick prevents spilling.) Bake at 400 degrees for 25 to 30 minutes or until knife inserted halfway between center and edge of pie comes out clean. Cool on rack. Sprinkle pie with nutmeg if you wish. Makes 9 inch pie.

WAUKEGAN LIBRARY HAS MAJOR CITY TELEPHONE DIRECTORIES

For Waukegan area residents, it will be a little easier this year to send holiday greeting cards to their out-of-town friends.

New and missing street addresses can be found at the Waukegan Public Library, which has approximately 125 telephone directories, representing the major cities in the United States with populations of more than 50,000.

The Waukegan Public Library, at 128 N. County Street in Waukegan, is open from 9:00 a.m. to 9:00 p.m., Monday through Friday, and from 9:00 a.m. to 5:00 p.m. on Saturday. The directories are filed alphabetically by states, making it an easy matter to locate any community quickly.

Library officials say the volume of requests makes it impossible to handle this information by telephone.

Children Recreate First Thanksgiving

Pilgrims and Indians again gave thanks for their bountiful harvest as the kindergarten classes of the Oakland Grade School portrayed the celebration held three and a half centuries ago, in New England.

Thirty One members of the afternoon class and twenty seven from the morning group recreated the historic moment dressed in costumes of the time. The boys portrayed Indians while the pilgrims were actually girls.

The children had been studying the first Thanksgiving

and the pilgrims for a month and acted out the event for the fifth straight year.

Wooden blocks were used to construct a table and the room was decorated with pictures of pilgrims and Indians that the children had made and Indian decorations borrowed from their parents.

Later, the children churned butter and cooked cranberries which they had with their usual lunchtime milk and cookies.

Following the Thanksgiving dinner the little Indians and pilgrims sat side by side and sang songs of the season.

Republican Dinner Held

The 1971 Fall Republican Dinner was held at the Ramada Inn on November 20, 1971. About five hundred and fifty people attended.

Speaker for the evening was The Honorable Clark MacGregor, Counsel to the President for Congressional Relations.

Andres Steak House

There are restaurants that by virtue of their decor, atmosphere or specialty features have made quite a name for themselves.

Andres Steak House on Route 12 in Richmond is comfortable and pleasing, but lacks a gimmick. The facts are: Andres specializes in food: not good or acceptable food, but GREAT food. All their dishes are seasoned and prepared to your personal tastes and served by waitresses who are friendly and cordial.

The chefs at Andres received their culinary training in Germany, long known for its excellent food.

Herman Herres and Ernest Andres, Sr., take special pride in the dishes that are carried from their kitchen.

Surf and Turf, a combination of steak and lobster, French-fried Louisiana Jumbo Shrimp, Florida Red Snapper, Shrimp De Jonghe en Casserole and Roast Long Island Duckling are only a few of the entrees so well prepared.

Andres specializes in steaks and also offers chicken, ribs, broiled lamb chops and prime rib.

Patrons are also able to choose their own live Maine lobster from a large glass enclosure.

Daily, there is a chef's special, which features a choice delicacy.

Each dinner arrives with a choice of baked potato with sour cream chives, hash browns or french-fries and including rolls, beverage and dessert.

Andres has a fine relish tray which includes Soup de Jour and other favorites.

The bar can accommodate almost any order and features Henniger, Heinekin and Kaiser Pilsner imported beer.

Fine imported and domestic wines are easy to select from the large wine cooler. Cabernet Sauvignon, Liebfraumilch Superior, Lancer's Crackling Rose and Oeil De Perdrix, a sparkling pink burgandy are only a few of the fine vintage wines available.

American Legion Auxiliary News

Scarlet, green, gold and silver ornaments, tinsel and a brightly decorated yuletide atmosphere will transform the Volunteer's Room, Building Four, Downey Hospital into a gay Christmas shopping Mall, on December 1st, 2nd and 3rd. According to Mrs. Richard Stastny, Mundelein, district rehabilitation chairman of the 10th District American Legion Auxiliary; the Christmas Shop will be "set up" on December

1st, by Auxiliary volunteers.

Cuddly dolls, stuffed animals, toys, games, women's scarves, purses, colognes, etc. in a wide selection will fill the mall, and on December 2nd and 3rd, it will be open to all indigent Downey Hospital patients from 9:00 a.m. to 4:00 p.m. Patients may select Christmas gifts for each member of their immediate family, all at no cost to them.

The gifts were donated by the Illinois American Legion Auxiliary to all veteran's hospitals. The patients may choose their gifts, and write enclosure cards. Auxiliary volunteers holiday gift wrap their presents, address them and mail these presents.

Nearly 900 Auxiliary Units contribute funds to make this annual event possible.

The annual Christmas Dance Party of the 10th District American Auxiliary will be held December 9th, at Downey Hospital from 7:00 to 9:00

P.M. District rehabilitation and veteran's affairs chairman, Mrs. Richard Stastny of Mundelein, states that the 22 Units in Lake County will furnish sandwiches, while the 10th District Auxiliary provides eggnog and Christmas cookies. All legionnaires and Auxiliary members are welcome to attend this party.

Christmas will come early to the Arden Shore Home, Lake Bluff; Allendale School for Boys and the Lake Villa Central Baptist Children's Home, when the 10th District American Legion and the Auxiliary will bring their annual "Christmas Caravan" to these Homes on December 11th. District children and youth co-chairman, John Jones, North Chicago; and Mrs. Louis Thompson, Waukegan; announce that all who wish to participate should meet at the Sharvin American Legion Home in North Chicago, at 8:30 A.M. Going as a group, they will first visit Arden Shore Home where the children will receive pup tents.

At 11:00 A.M., they will again assemble at the Lakes Regions American Legion Home in Fox Lake, where the 10th District Juniors will join them. Mrs. Ray Rathmann, Antioch, district junior activities chairman, hopes for a large attendance of Juniors, since they will be singing Christmas carols at the two remaining homes. There, also, "Santa, with his red sleigh, laden with Christmas packages" (courtesy of the Lake Regions Post and Unit) will travel with the Caravan. All three homes are given the gifts that they have requested. They will present two large record players, with AM and FM stereo, to the Allendale School for Boys. At the Lake Villa Central Baptist Children's Home, games such as badminton, croquet, etc., will go to the children there. All

children in all three Homes will get Christmas stockings, and a visit with Santa and guests.

Mrs. William Dowden, Antioch Unit children and youth chairman, is planning to take part in this Christmas Caravan.

Channel Lake Chatter

Happy birthday was in order every day this week beginning Monday with Kevin Corey, son of Bill and Edith Corey celebrating his first birthday. On Tuesday wished Dick Harland a happy day and on Wednesday it was Lorraine Lemke's turn to blow out the candles on a whip cream cake presented to her by Dorothy Enzenbacher. Thursday, Doug Runyard had birthday cake to top off his Thanksgiving dinner. On Friday it was Walt Soderman's birthday. Walt is the principal of Channel Lake Grade School, and told me he will no longer have any birthdays but neglected to tell us his age. Saturday it was Lisle Rogers turn to celebrate his day.

On Sunday it was really a big day at the Mike Zeien house as his wife Mary Jo presented him, along with big brothers Bob age 6, Chris age 4 and Scott age 2 with a beautiful 7lb. 12oz. baby girl. The pink bundle of fluff has been named Elizabeth. Needless to say the Zeiens are very happy as are grandparents Tom and Harriet Runyard and "Dutch" and Helen Zeien.

The Dutch Zeien family had a nice gathering over old Tom turkey as did the Tom Runyard family, with their children and grandchildren around them.

Margaret Weiss and her sister Helen spent the holiday in Milwaukee with her son Harry and family.

The Bob Lemke family spent the day with the Elmer Meierdick family along with Lorraine Lemke's and Doris Meierdick's parents Emil and Agda Frozeth.

The John Runyard family

Thirty-three students completed their morning sessions held every Tuesday for four weeks. On the fifth Tuesday a complete review of all the sessions was held and all of the students received a certificate of graduation and a card for their identification.

spent the week at their cabin up north along with their neices Joan and Judy Bjork and the Richard Behrens family.

The Milburn Rodger's family journeyed to Crown Point, Indiana to spend the holiday weekend with Mrs. Rodgers family.

As for this reporter, I had a rough time trying to serve dinner at half time of the old football game. It's really a chore trying to figure out how

37 seconds can take 15 minutes. Just think, we only have to go to New Years, and the football season will be over. We did have a very nice day with much to count our blessings over, and our families gathered around us.

Have a happy week and go back on your diets. Just think, Christmas is only 3½ weeks away.

Let me know the news, 395-1317.

Louise.

Msgr. Flaherty Celebrates Golden Anniversary

The Rev. Msgr. Morgan Francis Flaherty, Pastor Emeritus of St. Peter Conisus Church, 5057 W. North Avenue, Chicago and former pastor of the Church of Saint Peter in Antioch will celebrate his 50th Anniversary of Ordination to the priesthood with a 12:15 P.M. Concelebrated Mass of Thanksgiving on Sunday December 12th, at the parish in Chicago.

Members of the immediate family who will attend include Monsignor Flaherty's sisters, Mrs. Josephine Carey and Miss Loretta Flaherty, his brother John and wife, Clara; and Joseph Moran, husband of the Monsignor's deceased sister, Mary. Another brother, Timothy Flaherty, is hospitalized and will be unable to attend.

The Rev. George A. Slominski will offer the sermon. Father Slominski was an assistant to Monsignor Flaherty while he was pastor of St. Peter's.

Monsignor Flaherty was born in Chicago April 6, 1897, the son of Irish immigrants, Morgan and Ellen Flaherty. He took his early schooling at Annunciation Parish, began his preparation for the priesthood at the Cathedral College of the Sacred Heart (later Quigley Seminary) and earned a B.A. Degree from St. Mary's

Seminary, in Baltimore.

Monsignor Flaherty was first assigned to Immaculate Conception Parish in Chicago, where he remained five and a half years, until going to the Cathedral of the Holy Name in 1927. While at the Cathedral he was known for his work with converts, founding the Cathedral Convert League for new church members.

On September 1, 1931, Cardinal Mundelein appointed Monsignor Flaherty Pastor of St. Peter's Church in Antioch. There, on a blustery winter day that year, he established himself as a pioneer in the ecumenical movement. Pocketing his newly issued driver's license, he drove out on an icy country road. The car skidded, and Fr. Flaherty found himself sitting in the backyard of a neighboring Protestant Clergyman.

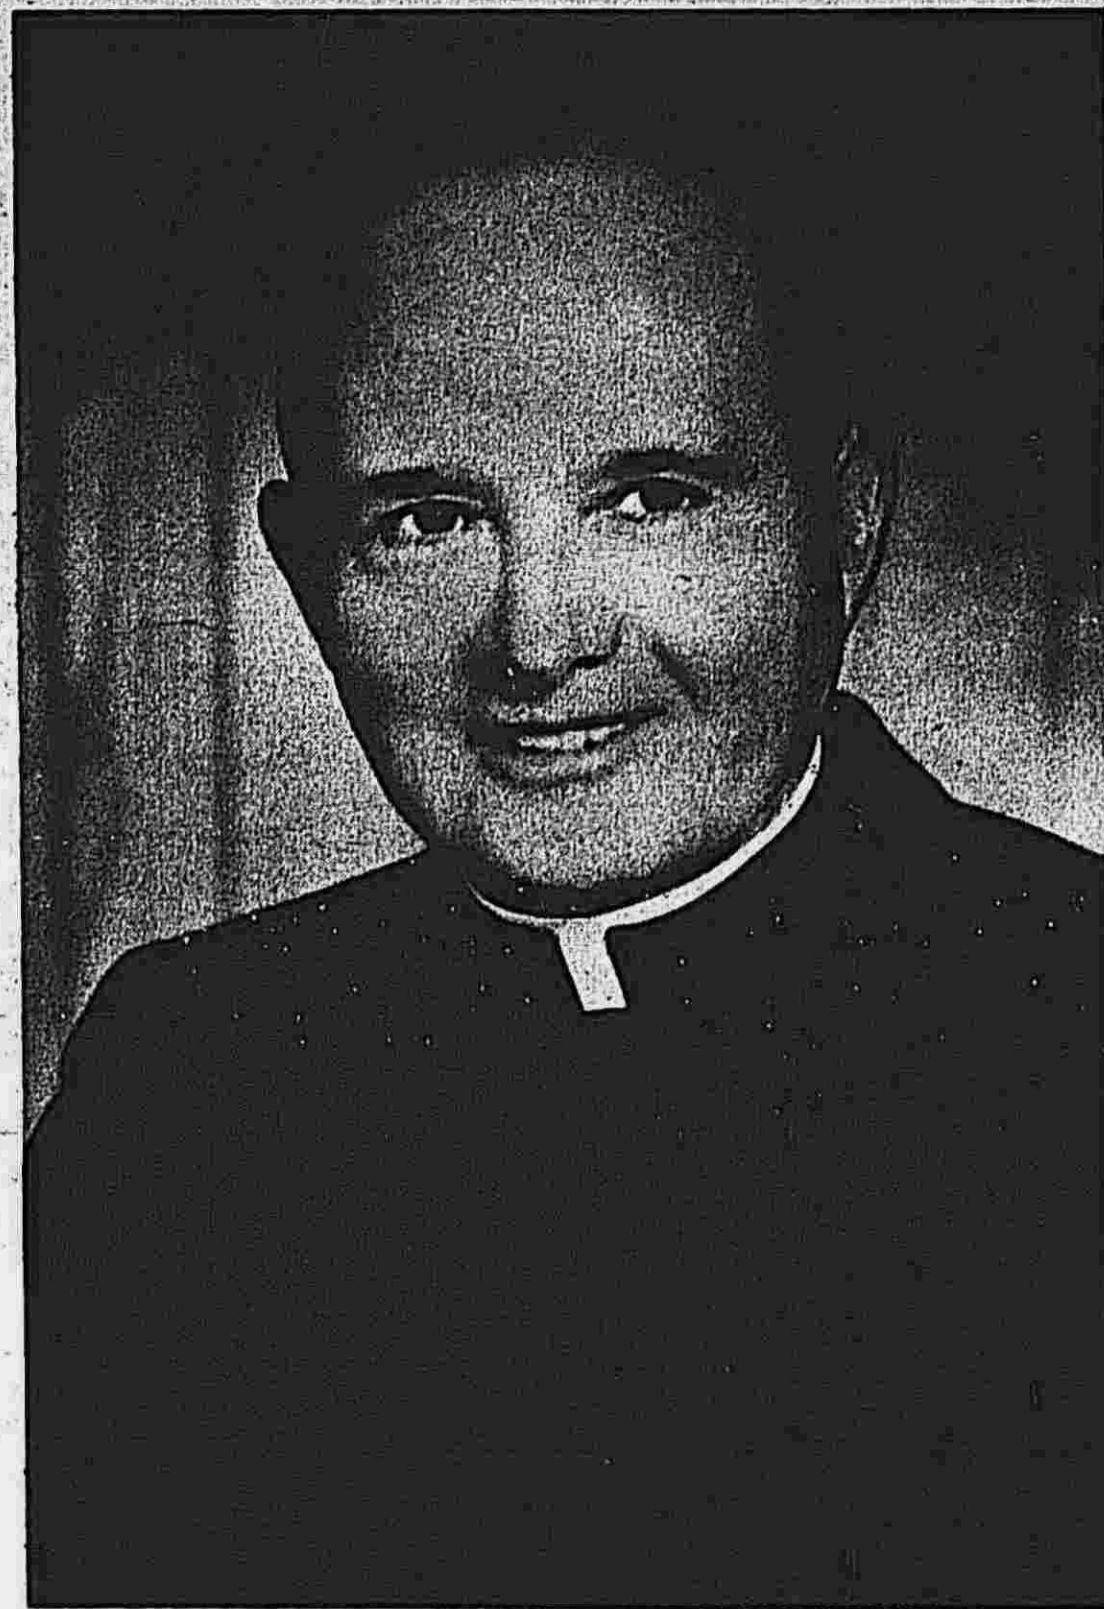

Fortunately, the minister accepted his unorthodox approach to ecumenical understanding. Later the pastor of St. Peter's could claim numerous friends among the Protestant clergy of Lake County.

While at Antioch, Fr. Flaherty was responsible for establishing and constructing the parish school for his growing flock. He remained at St. Peter's for twenty years and guided the parish through the post-war years.

Archbishop Samuel Cardinal Stritch called Msgr. Flaherty back to Chicago in November of 1951, where he was named pastor of St. Peter Canisius parish. Two years later, Pope Pius XII elevated him to the rank of Domestic Prelate with the title of Right Reverend Monsignor.

An unselfish and humble man, Msgr. Flaherty has been known in all his assignments as a man of gentle good humor, concerned with the poor and weak but also ready to share the joy of his parishioners. A priest among men, as the rite of ordination summoned him to be.

Following Sunday's Anniversary Mass, dinner will be served to attending priests and the Monsignor's family. A reception for friends and parishioners will be held later in the school auditorium, 5035 W. North Avenue, from 7:30 to 10:00 P.M.

Christian Science Churches

Spiritual healing is based on an understanding of God and His creation, according to the Bible Lesson-Sermon at Christian Science church services Sunday.

The healing of Christ Jesus of the man "which had an infirmity thirty and eight years" is included in the Bible readings in the Lesson-Sermon entitled "God the Only Cause and Creator."

Commentary from Science and Health with Key to the Scriptures by Mary Baker Eddy states: "Physical causation was put aside from first to last by this original man, Jesus. He knew that the divine Principle, Love, creates and governs all that is real."

Everyone is welcome at First Church of Christ, Scientist, BEACON HILL - Rte 173 & Harden, Antioch, Illinois. Services begin at 11 A.M.

MEDICARE RECIPIENTS BEING MISLED

Some private insurance
companies have been sending
misleading advertisements to
Medicare beneficiaries in the
Antioch area, according to
Allen K. Joy, social security
district manager, in an effort to
sell them health insurance to
supplement their Medicare
protection.

Joy said that the
promotional literature
distributed by these companies
has been deliberately designed
to give the reader the
impression that the company is
in some way connected with
Social Security Administration,
or that it has access to the
Federal agency's records.

One company used a
window envelope that was
almost identical to the
envelopes social security uses
to send out benefit checks, Joy
remarked. He went on to say
only careful reading of the fine
print in the advertisement
revealed the statement that the
company was "not an agency

of the State or Federal
government."

Joy stressed that the Social
Security Administration does
not endorse any
privately-sponsored insurance
plan designed to "supplement"
Medicare benefits. He also
emphasized that private
insurance companies do not
have access to social security
records, which are confidential
by law.

Joy indicated that most
private insurance programs
supplementing Medicare offer
valuable additional protection
and advertise honestly in their
sales literature. "However,"
Joy said, "a few companies
have engaged in practices
which clearly are intended to
mislead Medicare
beneficiaries."

Joy advised persons who are
confused by material they get
in the mail offering additional
Medicare protection to get in
touch with their nearest social
security office, or their State
Insurance Commission for
further information.

Thank You

The Channel Lake PTA portion of the beautiful Christmas bazaar held last Sunday at Oakland School was a huge success. Our "Pot Pourri" booth went over very big and all the special hand made goodies purchased will be under many Christmas trees in a couple of weeks.

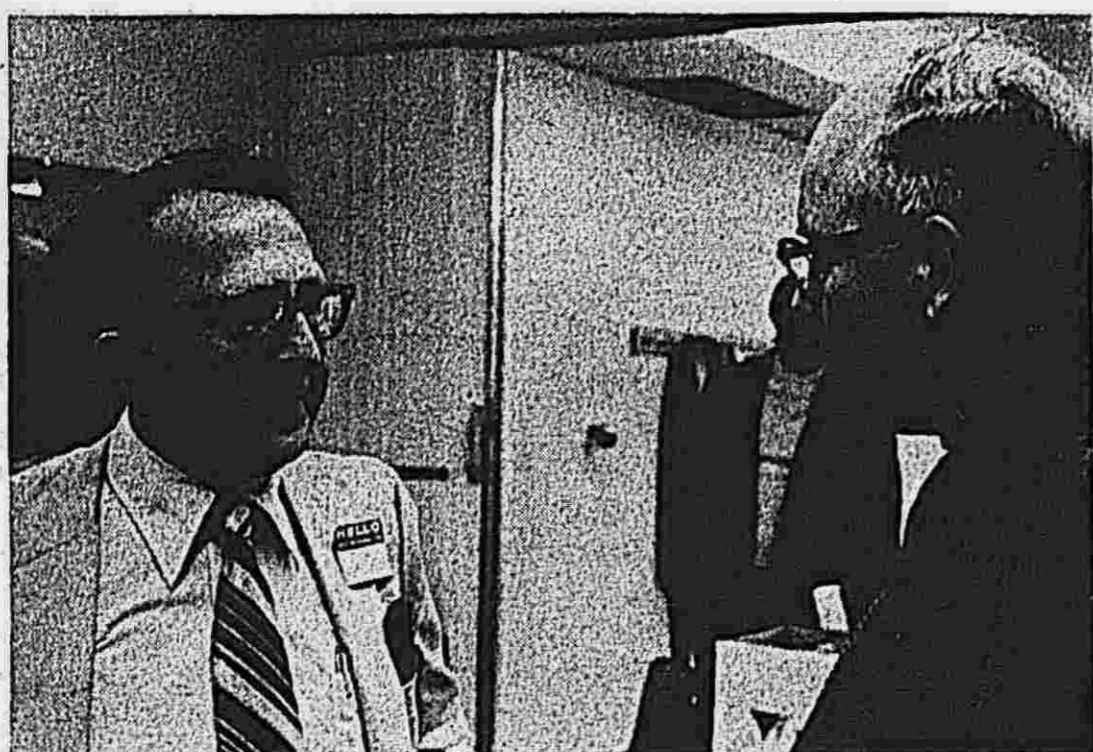

Naturally, shopping makes

one hungry, so therefore the "cafe" was busy all day.

Thanks to our grocery stores in town the Hot Dog sale was pretty good with the proceeds going to all three schools, the A.F.S. students and Antioch Rescue Squad.

Thanks a million!

Finally, the Bazaar committee wants to thank everyone who donated and attended the Bazaar. Without your help it couldn't have been done.

Soph Wrestlers Win Thriller

Antioch's Sophomore wrestlers pulled off a stunning come-from-behind thriller to beat Zion's second year matmen 29-26 in a match at Zion last Wednesday.

After falling behind to the tune of 26-11 after the first nine matches the sophomores seemed destined to be beaten.

Yet, in the last three contests BEESE, ARMSTRONG and NIXON pinned their opponents. The

18 points from these matches were barely enough to pull out a nerve shattering 29-26 victory.

Varsity Matmen Beaten By Zion 26-16

Antioch's Varsity wrestlers suffered a 26-16 loss on the mats at Zion on November 24th. Experience was the big factor as the Sequoia grapplers were matched against a team composed of numerous seniors and ten mat veterans.

Antioch won the first three weight divisions as JOHN ROBERTS, CLIFF BODE, and KEITH LARSEN gained decisions. However, Zion dominated the rest of the way, although TOM RAYNIAK won the last match.

Improving rapidly for Antioch are DENNIS DYER at 126 lbs. and ANDY FELDMAN at 155. CLIFF BODE and KEITH LARSEN are swiftly establishing themselves as two of the area's finest wrestlers.

Antioch opens conference action Friday night at home against Grant with a 6:45 p.m. starting time.

**SOPHS
GAIN EXPERIENCE
AT BARRINGTON**

At the Barrington Turkey Classic, the Antioch Sophomore Sequoits were able to win only one game while losing two. The win was a 52-49 conquest over Mundelein. The losses were to Barrington 46-44 and Elgin Larkin 51-40. Even in losing the Sequoits were able to make a game of it.

Against Barrington, Antioch was called for 25 fouls and the Broncos won the game at the free throw line. Antioch had more baskets, 18 to 15, but Barrington made 16 free throws while Antioch converted only 8. Larry Smith was high scorer for Antioch with 11 points and Tom Warner and John Janosko each added 9 points.

The Mundelein game was pretty much of a one man show as Larry Smith hit 9 baskets and 13 of 14 free throws to lead Antioch with 31 points. Against Larkin, Smith was again the high point man with 17. Rick Sedar chipped in with 9 points. As a team Antioch shot a poor 33 percent from the field and from the line. The young Sequoits were also guilty of 21 turnovers.

Sequoits Win Three Take Turkey Classic

The Sequoits traveled to Barrington's new gym for the Thanksgiving "Turkey Classic" and came back with the whole ball of wax.

By sweeping all three of their encounters, the cagers came back with a trophy for the glass case, but more importantly, gained some of the poise and experience needed to carry on a long campaign.

"We rebounded well against teams that were bigger than us and we shot well except against Larkin. "We rebounded well against teams that were bigger than us and we shot well except against Larkin. Our free throw shooting has to be improved, though, and we can't afford so many turnovers. "I think we learned a lot," said Coach Hahn. "This tough competition will prepare us well for Conference play."

Hopefully, the three game tourney will prove a great benefit to the sophomores. It gave them a chance to experiment with their offense and defense and gave the players some valuable experience before opening conference play this Friday, at Grant. Coach Norm Hahn saw some pleasing developments.

The varsity five will see a lot of tip-offs before this season winds it's way to the March regionals.

There are still a few rough edges apparent in the Sequoit attack. At times, the team lacks a lot of purpose as the starters trip over each other's feet trying to look scarce under the offensive bucket. Jeff Williams must learn to control his eagerness under the defensive boards. He drew some fouls that will be hard to swallow late in the season. But the boys won and that's good enough for most.

In the first game the Sequoits skated past Barrington 68 - 52. The first quarter was close with Antioch nosing ahead, 18-15 at the whistle on two charity tosses by Fred Popp.

The Sequoits left the Barrington five tying their shoelaces in the second quarter. They outlasted and outplayed them, scoring 17 while limiting the host school to just 6 points. Pat Michalak and Tim Mieuire led the charge combining for 11.

In the second half the teams played on fairly even terms. Coach Andrews had all his players in for a whirl, except Ken Tell, who is still nursing a football injury.

It was learned Tuesday that Tell has been given the go-ahead by doctors to start workouts.

In the final analysis the

Broncos were busted by Antioch's big second quarter surge.

Mundelein proved a worthy opponent for the Sequoits as they waged a spirited effort, but came up short 66 - 57.

Tim Mieuire was the high scorer for Antioch with 8 buckets and 9 free throws for 25 points. Michalak and Andrews put in 15 and 12 for the Sequoits as Jeff Williams was high bound man for both squads with 10.

Mundelein had four men in double figures. (Kinkelaar 16, Seeds 14, Boothe and Richardson 11.) but couldn't make up a 6 point deficit after the half.

The last game (and that's what it was) is just the attraction that draws men with red noses away from their T.V. sets and has women cheering like troopers.

The Sequoits pulled out a real barn-burner in overtime 70 - 68. The lead changed hands twenty-times before Mark Andrews grabbed a rebound on the defensive boards following Fred Popp's two clutch baskets from the charity stripe.

Tim Mieuire had the soft touch patented as he racked up 32 points and while scoring 5 straight buckets in the second quarter.

Coach Andrews stated "all the boys played well", and so they did. Mieuire and Michalak drew all tourney honors. Both teams refused to fall behind or get rattled. The game was extremely close throughout. The largest lead of the game was 2 buckets, held twice by the Sequoits.

In the end it was the cool-headed play of Fred Popp that decided the issue. Fred scored all of Antioch's points in the three-minute overtime to put the lid on the 2 point victory.

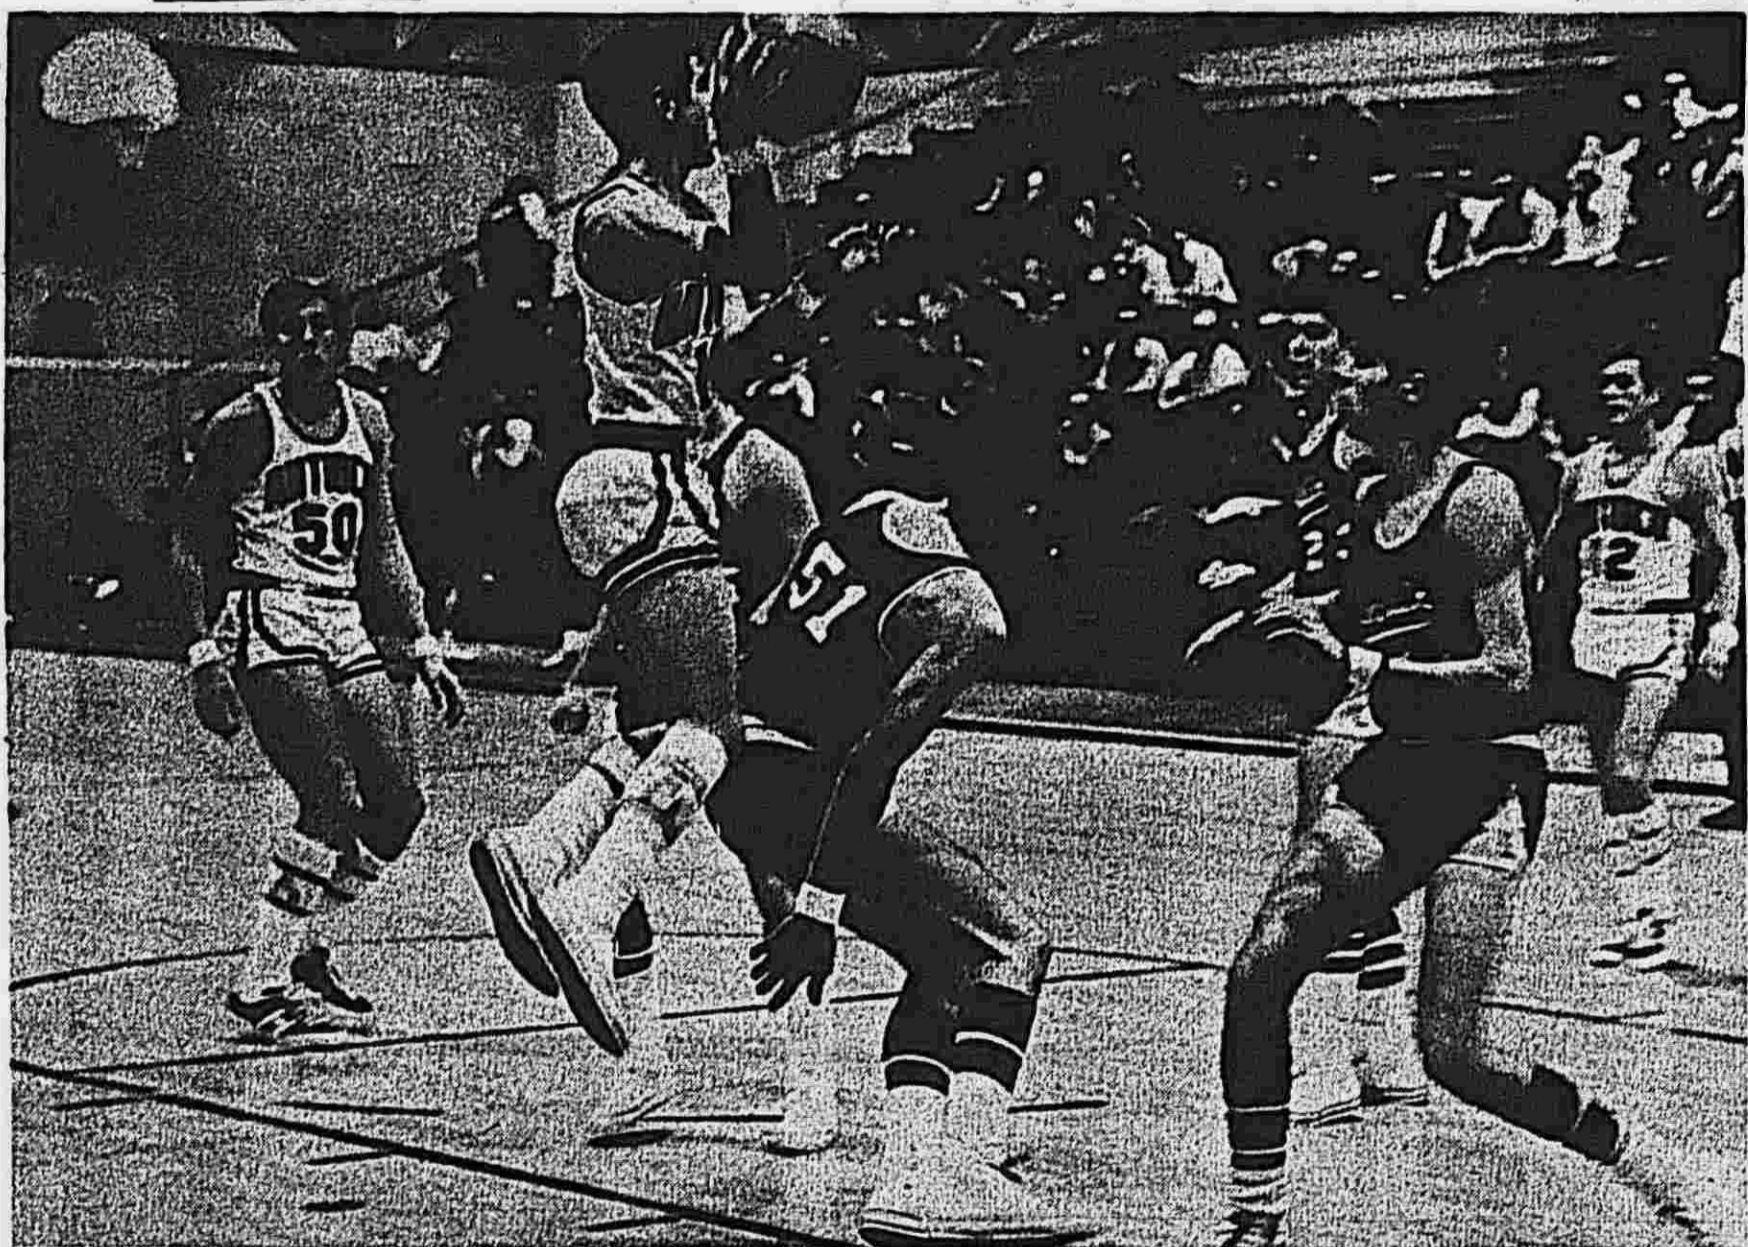

The game had numerous heroes as it appeared everything depended on a

single bucket, rebound or steal.

Next in line for the Sequoit "machine" is Grant. A WORD OF CAUTION TO FANS who intend to court a coronary; since the main entrance is undergoing some work at Grant, a good bet would be the doors on the South and West sides of the building. Parking shouldn't be affected.
